Print Shop™ GRAPHICS LIBRARY™

Disk I Instructions

Introduction:

Now The Print Shop is more useful than ever for school and home. Disk I of The Print Shop Graphics Library brings you 120 new graphics — many created for your use around traditional holidays and special occasions throughout the year. In addition to holiday themes, you have the choice of zodiac signs, animals, sports/games, kids/school pictures, creative patterns and more.

Getting Started:

The Print Shop Graphics Library, Disk I is easy to use. All you need is The Print Shop to get started. You will be using The Print Shop in exactly the same way as you have before. Just start up the program and follow the prompts that appear on the screen.

Using Disk I Graphics:

Select your choice of GREETING CARD, SIGN, LETTERHEAD or BANNER from the Main Menu of The Print Shop. When you reach CHOOSE A GRAPHIC, highlight FROM OTHER DISK. Then follow the prompts. Make sure you insert The Print Shop Graphics Library disk into the drive with the label facing up. Type in the ***name*** of the graphic you want. If you get a message that the graphic cannot be found, make sure that the name of the graphic is spelled correctly and that your graphic disk is in the drive with the label facing up.

Modifying Disk I Graphics:

You can also modify your new Print Shop graphics with the GRAPHIC EDITOR and then save them to another data disk. After selecting Graphic Editor, type CTRL-G, then highlight FROM OTHER DISK and follow the prompts. Type in the name of the graphic you want to modify.
